With just two or three betting options, 2- and 3-way bets belong among the most popular offers in the bookmakers' sportsbooks.

We are going to clarify the meaning of the two terms and introduce several types of sports betting that can be classified under these two types of offers.

A 1&#215;2 betting offer, which plays only a marginal role in the context of basketball and many other American sports, is mostly run as an alternative betting option with the rest of the match bets.

Over/Under bets count as 2-way bets, as the question is whether the number of goals scored, red cards, corner kicks etc.

As an example: If the visiting team receives 1 handicap goal as a lead, then, with a final score of 2:1, the relevant result for the settlement of bets is 2:2

(match result 2:1 + handicap 0:1).

Such an ideal-typical distribution however doesn't really exist in connection with sporting competitions.

2- and 3-way selections can be placed as single bets.

form of a multi-way bet that wouldn't make sense but as single bets.
