With their content proving popular at home, the company swiftly moved to add an

online gaming arm to their portfolio, known as EGT Interactive. Today, EGT is a leading games and software provider, with offices in four differ

ent continents and a huge team of designers and engineers. They continue to release interesting new slots on a regular basis, and you can

try these out for free on this page, or you can play them for real money on site

s you can find in our list of EGT casinos. The 7s in this title hold the key to a great Wild feature, with a big win in st

ore should you spin a straight line of them. Also look out for the Scattered Stars: whenever these jump onto the reels a pri

ze isn't far off, with three-, four- and five-star combos leading to nice wins.

The striking feature is the beautiful design of the game: you' II be greeted

with four life-like Amazon warrior princesses against the green backdrop of the rainforest.

Getting a combo of any one princess, as well as the Black Horse Wilds symbol, w ill lead to prizes.

Keep an eye out for the free spins, which are an important part of this game: f
