

cyber monday crossbody bags

So, a bookmaker would have odds of +100 for heads and +100 for tails if they were offering "true odds".

5 points is going to be a value bet on this game.

Value Betting Strategy

For example, if you're a diehard LA Lakers fan, then it makes sense to start with their games.

Some will only place a handful of bets a week, but they go hard and back their knowledge to be profitable long-term.

Now the price no longer reflects the true probability of the result and instead is shortening because of the money.

This is how you find a value bet.

Is value betting worth it? Yes, it's one of the best betting strategies there is.
